#### ARTICLE 11

---

By taking part in the " WORLD ARCHITECTURE AWARD EDITION 2022 - WATA ", participants undertake to transfer copyright for the creations presented, whether such participants would be prize-winners or not.

Candidates expressly authorise brands of the Hydro Group to conserve the files and documents referred to herein.

In particular, brands of the Hydro Group may use the files and documents featured in the Prize-winners' files, wholly or partially, for communication and promotional purposes and/or marketing of its products, without this being an obligation as such for brands of the Hydro Group.

The files and documents featured in the Prize-winners' files shall be copyright-free.

Prize-winners herewith authorise brands of the Hydro Group to:

/ Reproduce the photographs of the constructions, exhibit and disseminate them, wholly or partially, on any media, made or edited by brands of the Hydro Group disseminated free of charge, regardless of the quantity, format or standard of such media;

/ Use the photographs, as such or integrated in computer programmes, used locally or in networks (in particular on websites and the Internet, regardless of the number of sites on which the images are used);

/ Store the photographs in HBS Media Gallery's photo library, with a view to reproduce or represent them at a later date.

/ Retouch images, if needed, and in particular carry out operations of reframing or calibrating that may prove necessary to produce media.

In the eventuality of their not being the authors of the photographs, and more generally speaking, in all cases where they are not holders of copyright, the Candidates shall inform the authors of the photographs, before they are used, of the specific context in which they are being taken, as well as the existence of the contest in which they are taking part. In the case where the photographs represents buildings or monuments protected by copyright, the Candidates shall see that there is no infringement of the right of portrayal or property and all projects are protecting by copyright (sculptures, paintings, drawings and designs, graphic works etc.).

After the competition of which they are the prize-winners, the latter shall communicate to TECHNAL and SAPA any useful information enabling them to contact the author of the photographs with a view to performing transfer of copyright.

In any event, TECHNAL and SAPA shall ensure that the author's name is mentioned each time use is made of the right to reproduce or right to represent documents which go to make up an application file.

## ARTICLE 12

---

The organisers shall not be held liable for non-delivery of participation files should these not reach their destination. They reserve the right to extend or cancel the contest if circumstances require this, without being liable to any compensation for such extension or cancellation.

## ARTICLE 13

---

Where competing teams are concerned, taking part in the contest implies that they accept these regulations and conditions thereof and waive any recourse against the decisions of the jury.
